

Lockout/Tagout Program

Monticello, IA – Innovative Ag Services Co. (IAS), most people have heard of a Lockout/Tagout program. You may have heard it called LOTO for short.

A Lockout/Tagout program addresses the practices and procedures necessary to disable machinery or equipment, thereby preventing the release of hazardous energy while employees perform servicing and maintenance activities. The standard outline measures for controlling hazardous energies—electrical, mechanical, hydraulic, pneumatic, chemical, thermal, and other energy sources.
